CHRISTMAS VENUE HIRE

AT THE HISTORY OF SCIENCE MUSEUM

Located in the heart of historic Oxford, the History of Science Museum offers a unique and inspiring place for Christmas events in the oldest purpose-built Museum building in the world.

Whether you want to share a drink and listen to live music in the Basement Gallery or have festive dinner in the Entrance Gallery, whilst enjoying the historic atmosphere.

We offer four spaces for hire: three galleries, each with their own unique character, and a modern meeting room.

From Christmas parties to Drinks Receptions and Private Tours, the Museum is the perfect place for any event. These options can also be combined.
